SHAW NEARLY DROWNED.

LONDON, Aug. 16.—George Bernard Shaw, the author, has had a narrow escape from drowning, according to the Daily Mail. He was swimming off Llanbedr, Merionethshire, with a friend, when the current carried them away from shore. After a long struggle they managed to reach a distant sandbank.

Mr. Shaw was utterly exhausted when the place of safety was reached. He says he had given up hope and only kept on swimming to postpone as long as possible the unpleasantness of drowning.

WEST VIRGINIA MINSTREL TROUPE

SAILOR BOYS GAVE A FAREWELL PERFORMANCE BEFORE THEY LEFT MANILA.

Under the auspices of the crew of the Rainbow the West Virginia, flagship of the Pacific fleet, gave its farewell minstrel and vaudeville performance. At an early hour the anticipation of seeing the Jolly Tar minstrel troupe in full blast, had attracted numbers of those fortunate enough to receive invitations. A short time before the lifting of the curtain the Manila Grand Opera House presented a gala appearance and the commodious building was filled to its utmost capacity.

The Governor's box had its quota of army and navy representatives, while the others were occupied by prominent citizens with a generous sprinkling of uniforms. The minstrel show was particularly bright and brought forth from the body of the house which insisted with enthusiastic persistence upon repeated encores. The men, A. E. Smith, E. H. Whitaker, W. O. Baker and H. Lowenfield, were recalled again and again and not until the well-corked Lowenfield confided to the audience that his "pipe was getting rusty," was the program allowed to be carried out. The champion buck and wing dancers were a special feature of the evening and shared equal honors with the jugglers and equilibrists.

The farce entitled the "Amiable Maniacs," which was to have concluded the entertainment was not presented owing to the delinquency of three of the actors. The West Virginia orchestra supplied the music and the entire troupe roused into the closing chorus. The farewell of the "Jolly Tars" afforded one of the best vaudeville performances ever seen in Manila.

On the arrangement committee were the following members: Lewis Frederick, McGovern, J. J. Hawkes, E. R. Ketterer, Leo Duncan—Manila Cable-news.

MAKAWELT IS DOING WELL

STATEMENT PRESENTED AT A MEETING OF THE DIRECTORS SHOWS INCREASED EARNINGS.

The financial success of Maanawelt was clearly shown in the statement presented at the meeting of the directors of the Hawaiian Sugar Co., held last Tuesday.

The statement is based on an increase of the dividend from one to one and one-half per cent a month. After paying operating expenses to the amount of \$50,000, redeeming bonds to the amount of 25,000, and drawing out its assessment of \$30,000 to the Sugar Factors' Co., the company will still have a balance of \$165,000 to its credit. This surplus is an increase over that of last year of \$75,000.

There was not a quorum of the directors present at the meeting, and consequently no decision could be reached as to the increase in the payment of dividends, but the showing in such that the lucky stockholders may be assured of it in the near future.—Garden Island.

Judging from his numerous and frequent omissions of the name of Fairbanks, the president must be dead against the buttermilk habit.—Detroit Free Press.

AGUINALDO GOT A VOTE

RETURNS IN PHILIPPINE ELECTIONS SHOW VERY DECISIVE VICTORY OF NACIONALISTAS.

Progresistas 25,523
Nacionalistas 44,223
Independistas 17,472
Catholic 1,350
Agriculturistas 91
Scattering 471
Aguinaldo 1

Total 89,137
The above are the final returns of the late election throughout the islands, excepting 80 pueblos. These are still lacking on account of inaccessibility. The returns from them will not be in for some days yet. It will be seen by these figures that the Progresistas, the party ostensibly favoring the retention of the islands by Americans, at least for some time, secured about three-fifths of the vote given the Nacionalistas, who demand immediate, electric and absolute independence. The so-called Independistas, who got two-thirds as many votes as the Progresistas, were candidates who had no platform nor party but ran independently, each on his own popularity. Pope Aglipay's crowd were given but 91 ballots and Aguinaldo got one. This was cast in his own district. Probably his muchacho, brother or some intimate did it to show faithfulness.—Manila Cable-news.

PENNSYLVANIA IS THE SPEEDIEST

CAN MAKE BETTER TIME BUT CANNOT STEAM AS FAR AS WEST VIRGINIA.

The Manila Cable-news says: The Pennsylvania, also the Colorado, is fitted each with sixteen Niclausse water tube boilers. These are great steam producers and can get steam up very quickly. They also consume more coal in their furnaces for a given rate of speed or distance traversed than their sister ships, the West Virginia and Maryland, which are fitted each with thirty-two Babcock and Wilcox boilers, probably the best known of any boilers in our navy. These latter ships can steam further than those fitted with the Niclausse boilers—though they do not make quite so much steam and hence cannot knock out the speed the Pennsylvania and Colorado have shown.

The Pennsylvania enjoys the reputation of being the speediest of the Big Four squadron. She also boasts of an ambitious crew, and the crack cruiser is known throughout the navy as a smart ship. Her crew are ever ready for a boat race, baseball match—and football, when the thermometer does not indicate unusual warmth.

Indeed, rumor has it here that as someone has suggested the good results which would follow the practicability of having the big dry dock Dewey follow the armored cruisers on their prospective voyage across the Pacific, it would be well to give Captain McLean and his good ship the task of keeping the big dock in formation while en route.

Undoubtedly the Pennsylvania, with her surplus speed would not balk at such an undertaking. However, as the squadron will probably proceed first to Guam, via San Bernardino Straits, it is unlikely that the dock, which would have to be at the end of a long tow line from the Pennsylvania, would be able to keep clear of the many islands along the Straits, and is therefore believed we will still retain the Dewey in these islands for some time to come.

The Rainbow, flagship of the Third Squadron, Commander Rear Admiral Joseph Hemphill, now flies the red Rear Admiral's flag, or first junior rear admiral's flag. It was hoisted up on the arrival of Rear Admiral Dayton, who is the senior officer in port and flies the blue flag. In 1904, there was at one time three rear admirals, each in command of a squadron, in port here. Rear Admiral Evans' flagship Kentucky carried the blue flag with its two stars. Rear Admiral Cooper in his flagship New Orleans waved the red flag, and Rear Admiral Stirling, on board the Rainbow, was content to fly the white flag. This has happened but two or three times on this station.

JUST A WEEK OR TWO.
There is a short period remaining before the hard work of the season begins and you may as well make the best of it. You can have a run to Halawa and remain a day or two at little expense but with great profit to your physical and mental condition. There are no mosquitoes in the rooms and the air is delightfully cool all of the time. Golf is the pastime on beautiful links. St. Clair Bidgood, Manager.

ANDRADE IS NOW DISTRICT JUDGE

WHITNEY BECOMES FIRST DEPUTY ATTORNEY GENERAL AND PROSECUTOR TAKES BENCH.

The official appointment of William L. Whitney as First Deputy Attorney General for the Territory was made yesterday afternoon by Attorney General Hemenway. His resignation as District Magistrate took effect yesterday morning and his successor, Frank Andrade qualified and assumed his new duties in the afternoon.

Mr. Whitney will take a vacation for the rest of this week and will take his place in the Attorney General's office next Monday.

As has been before stated the appointment of the Second Deputy Attorney General will probably not be made before the first of October, and the same will be true of the position of criminologist.

The appointment of Judge Whitney, while it had been decided upon for some days, was not formally made until yesterday afternoon as Attorney General Hemenway wished to have the sanction of the Republican Central Committee, which he secured.

MORE JURORS

An additional venire for trial jury in Judge Lindsay's court was drawn this morning for the reason that it was found when court convened that there were only ten jurymen available, the others either having not been served or having been excused for one reason or another. As a consequence no cases were tried today.

The new panel drawn consists of the following: John T. Gribble, Edward K. Fernandez, A. D. Bolster, Jas. L. P. Robinson, Antonio Z. Perry, G. W. Mason, Harold G. Dillingham, C. G. Bartlett, W. G. Walker, R. W. Podmore, C. F. Merrifield, Eddie McCornist.

TWO PLAGUE CASES.

Two plague cases are reported from Oahu, Hawaii. Sugawara and Jinyo Tokahashi, Japanese, died on August 28 at Olaa camp. They were attended by Dr. Frederick Irwin.

WEDDING LAST NIGHT.

There was quite an interesting wedding last evening at the Catholic Cathedral, which came as a surprise to the friends and acquaintances of the contracting parties.

John Sheehan and Ellen O'Brien Regan were united in wedlock through the kind offices of Father Valentin. Mr. Sheehan is a prominent man amongst the Hawaiians of this city and very popular amongst the men of the quartermaster department where he is employed. A select party of friends called on the happy couple last night, but all further celebrations were called off until the newly married couple will occupy their permanent home on Pacific Heights in a few weeks.
